Chancellor's Message

You will be happy to know that Symbiosis International University has been accredited by National Assessment and Accreditation Council (NAAC) which is an autonomous body of University Grants Commission (UGC) with highest Grade 'A'. This is a rare achievement of which all of us should be proud.

Symbiosis in the last three decades has strived for excellence in education and future prospects of students joining symbiosis. Amongst all 37 institutes that range from kindergarten to postgraduate programmes, a student is central to symbiosis. One of the major driving forces in establishing Symbiosis National Aptitude Test is to provide convenience and ease of a common entrance test for admissions to twelve constituent Institutes of Symbiosis International University offering Post Graduate education.

Symbiosis has been rated among the top Management & Post Graduate institutes in India time and again and has a vast network of alumni excelling in their fields. Symbiosis undergraduate institutes too are recognized with top ranking at national level.

The first stepping stone- the SNAP, will remain one of the significant components of enhancing quality in admission process to these institutes; while it provides the comfort and convenience to students of appearing for a single test. It is offered in major cities of India so that students all over can take the test in a city closest to their homes.

I welcome all students and wish them a bright future!

Dr. S. B. Mujumdar

Vice Chancellor's Message

The Symbiosis National Aptitude Test (SNAP) is a test conducted by the Symbiosis International University. The test is conducted at the National level to ensure that meritorious students are admitted to the various constituent institutes of Symbiosis International University. The test is conducted in various cities to ensure that maximum number of students get the advantage to appear for the entrance test and thereby get admitted to the prestigious Institutes of Symbiosis International University.

Symbiosis is a place, which ensures that the student receives a high quality education and an all round personality development. I welcome you to the Symbiosis family.

I welcome all students and wish them a bright future!

Dr. Bhushan Patwardhan

Principal Director's Message

The Symbiosis National Aptitude Test (SNAP) is a test conducted by the Symbiosis International University's Test Secretariat to judge the aptitude of the student for particular Programmes.

This test is conducted in many cities for the convenience of students and parents too.

This one single test makes you eligible for all Postgraduate programmes of Symbiosis. I wish you all the best and welcome you to be a part of the Symbiosis family.

Dr. Vidya Yeravdekar

SNAP Test for Symbiosis Postgraduate Programmes

Symbiosis National Aptitude (SNAP) Test is a common and mandatory written test for the admission to all the Post-Graduate Institutes of Symbiosis International University. However, it is only the first step. In addition, a candidate has to undergo the selection process of the desired Institute to qualify for the admission to the Post-Graduate programme of that respective Institute.

Addressing the outstanding demand from the student community, SIU has started with effect from this year commence an additional test for non-MBA Courses as follows:

- 1) SIMC – MMC-(For Pune campus only)
- 2) SIG – M. Sc (Geoinformatics)

These tests would enable admission for students selecting the MMC course of SIMC (Pune) and for the M. Sc (Geoinformatics) course of SIG. However in addition to this candidates appearing for **SNAP** Test are also eligible for SIMC – MMC-(For Pune campus only) and SIG – M. Sc (Geoinformatics). More details Log on to the SNAP test website link namely www.snaptest.org

For the candidates aspiring to take admission for M.Sc. (Biomedical), M.Sc. (Economics), M.Sc. (Medical Technology) and M.Tech. Programmes only.

- a. **Discipline-specific test during GE/PI process for SNAP/GATE cleared candidates.**
- b. **Aptitude and discipline-specific test before GE/PI, for candidates not appeared for SNAP.**

A student aspiring to do higher studies at Symbiosis International University needs to do the following:

Stage-1: SNAP Test

- Register online at www.snaptest.org
- Upload a latest scanned photograph of your own at the time of SNAP Online Registration.
- Follow the instructions for payment of the Test fee of Rs. 1550/- on above mentioned website.
- **Any Changes in the online application form may be made only up to the closing date of Registration i.e., Wednesday, 23 November 2011. No change is permitted after this under any circumstances.**
- **All disputes between candidate and the Symbiosis Test Secretariat shall be subject to exclusive jurisdiction of Pune city and by Arbitrator only.**
- Download and print "Admit Card" through the SNAP website. [www.snaptest.org] From Tuesday, 6 December 2011 till Sunday, 18 December 2011.
- Admit Card along with Photo Identity proof should be carried to the Test Centre at the time of test.

*(Candidates should note that authenticated Admit Card is an important document without which the candidate will not be permitted to appear for further selection processes of the institutes. **If Admit card is lost, no duplicate Admit Card will be issued.** It should be preserved till admission process is over).*

SNAP Score will remain valid for admission to all Post Graduate Programmes of Symbiosis International University for the academic year of 2012-13.

Stage-2: Submission of Application fee to the desired constituent institute of Symbiosis International University.

- Before applying to an institute a candidate must register for the SNAP 2011.
- For registration and to submit the application fees, visit desired institute's website
- **Pay the fee of Rs.1000/- as Institute's Application fee** to the institute/s in which candidate seeking to take admission.
- The SNAP website allows a facility for online payment for application fee along with the online payment of SNAP fee.
- Candidate can also make payment from the institute website.
- Candidate can apply for more than one institute.

Stage-3: Selection process of the chosen institute.

- For more details regarding GE/PI process please refer the SNAP 2011 prospectus or contact the respective institute.

Payment of Fees through Demand Draft / Cash.

- The candidates those are paying through cash or DD, should ensure the following,
 1. *Symbiosis Copy of Axis Bank Challan for cash payment,*
 2. *Demand Drafts and Payment Advice Form for Demand Draft payment.*

[Demand draft should be of Rs. 1550/- from any Nationalize Bank in favor of, **"Symbiosis Test Secretariat"**. Payable at Pune.] Should reach to Symbiosis Test Secretariat by December 1, 2011.

- **International or NRI candidates are requested to check the eligibility on International student Cell website www.scie.ac.in before SNAP Test online registration.**
- **No changes will be accepted in the SNAP online form after the closing date of SNAP registration.**
- **For the Institute shortlist policies / process and declaration of lists and GD/PI process candidates should contact to respective institute for the same.**
- **Symbiosis Test Secretariat will not be held responsible for non-delivery or any delay on the part of Courier / Postal Services.**
- **SNAP Registration Fee is non-refundable. Application for refund of the SNAP Registration fee will not be entertained for any reason.**

At the time of filling online application form or while appearing for SNAP test, any attempt to impersonate or indulge in any other malpractice would automatically disqualify the candidate from admission processes to all post graduate programmes of Symbiosis International University and may also lead to any legal action deemed fit.

- ✓ SNAP Test duration is 120 minutes.
- ✓ SNAP Test is an objective test. Each question has 4 responses. Candidate should choose an appropriate response.
- ✓ Candidate must use Blue or Black ball point pen only.
- ✓ Each wrong answer attracts **25% negative marks.**

Introduction

SIBM Pune was established in 1978 and is the flagship institute under the faculty of Management of the Symbiosis International University. Like the proverbial sapling that grows into a huge tree, SIBM Pune started out humbly 33 years ago and has indeed come a long way, to become a leading B-schools in India.

SIBM Pune has an atmosphere in which demanding training turns students into industry-ready professionals prepared to take on corporate responsibilities. The Institute has had the most outstanding placement record for several years.

SIBM Pune has ties with several companies for co-administering certain selected portions of the curricula. This is done with a view to enrich the practical knowledge of students with respect to current business trends and practices.

For the last four successive years, SIBM, Pune has been ranked at number four in the Business Today and India Today national Business School Surveys.

Vision

To become a premier business school recognized globally for its excellence in academics, intercultural solidarity and understanding and for its valuable contribution to industry, society and students.

Mission

To make SIBM better and better in terms of excellence in education, research, service to industry, society and students.

Infrastructure / Facilities - Hostel / Mess / Library / Auditorium / Lab/ Canteen, Health Club etc.

SIBM Pune's new residential campus is a model educational campus of the city. Apart from the state-of-the-art classrooms the campus has the best of facilities such as the Central Library, Auditorium, Conference Halls, Canteen, Health Care Centre, Centre for Recreation Activities, Shopping, Guest House, Gymnasium and Swimming Pool.

Facilities

The Symbiosis Center of Health Care (SCHC) is an in-house Health Care Centre exclusive to the staff & students of the various institutes of Symbiosis. SCHC has a team of specialist doctors who conduct annual health checkups and look after the health needs of students and staff.

Each student is insured under a Mediclaim & Road Traffic Accident Policy. SCHC provides preventive, promotive as well as curative health care services that ensure positive health for all members of the Symbiosis Family.

Programmes offered:-

MBA Programme

Two years full-time Master of Business Administration (MBA)

[Specializations in Marketing / Finance / Human Resource / Operations Management]

Placement

The Campus Recruitment Programme at SIBM Pune gives an opportunity to the institute to showcase its talent pool to the corporate world and restate their confidence in recruiting from the institute.

The highly skillful base of students delivering stellar performances eventually lead to long term mutually beneficial association with the corporate world and this has been proved time and again by the number of Pre-Placement Offers (PPOs) / Pre-Placement Interviews (PPIs) being given to SIBM Pune students.

The companies that came to campus offered a plethora of profiles across verticals and functional domains like Investment Banking, Private Equity, Project Finance, Equity Research, Business Advisory and Strategy, Sales, Marketing, SCM Consulting, Operational Research and Technology Advisory.

The average compensation this year was Rs. 10.67 Lakhs p. a.

Method of Instruction

SIBM, Pune emphasizes participatory learning. i.e. combining lectures, case analysis, projects, games, to achieve an overall development of students.

Career prospects

SIBM, Pune students are more likely to start as executives rather than as trainees. Our students Command higher starting salaries. SIBM, Pune alumni have an impressive track record of professional achievements.

Eligibility

Graduates from any statutory university with a minimum of 50% marks (45% for SC/ST) at graduation level. Student appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

Intake: - 180 students.

Introduction

SICSR, celebrating its 26th year was one of the first institutes in Maharashtra to offer high quality IT education.

SICSR is located in the heart of Pune City, and we use the city as both a classroom and a laboratory for learning. Our location, our broad portfolio of academic IT programmes, our talented and diverse student body, and our dedicated faculty members work together to create an educational experience that is relevant, enriching, and uniquely Symbiosis. If you are considering IT education, we invite you to explore Symbiosis Institute of Computer Studies and Research (SICSR).

Vision

SICSR shall be the leading Techno-Management Institution in the field of InformationTechnology.

Mission

SICSR shall continuously improve the quality of academic programmes and create unique environment conducive for the overall development of students

Modern Amenities

Hostel facilities

SICSR has limited hostel facilities for girls and boys and provides database of PG accommodation to students if needed.

Library

The main objective is to provide innovative, responsive and effective services, which will meet the changing needs of the academic community. Our library provides a range of books, periodicals, e-resources and other media at appropriate levels for the need of the students.

Lab

SICSR has truly world class, state-of-the-art Computer Lab which includes powerful servers, dedicated internet and email access, desktops PCs and laser / DeskJet / dot-matrix printers etc. All the machines are connected to a 10/100 MBPS network, which in turn is connected to Gigabit Ethernet. For the Internet, there is 24x7 connectivity through 2 leased lines with 512 KBPS each. The labs are equipped with firewall and content filtering tools with latest Antivirus Gateway level Scanning. SICSR has also got a SDRC (Software Development Research Centre) which is also an innovation cell cum incubation cell.

Canteen

Our canteen is not only a place to fill appetite but also a venue for a mélange of ideas and views to converge and give rise to innovative ventures. It has a mess, which offers vegetarian delicacies, & caters to diverse palates. Delicious food is prepared following strict standards of hygiene.

Teaching Aids and Pedagogy

SICSR's approach to teaching includes a combination of lectures, class discussion, group work and self-study. The faculty present key subjects in lectures and conduct class discussions based on case studies. SICSR is experimenting with blended learning using technologies on open source like Moodle

Health and Medical care and Gym

The Symbiosis Center of Health Care (SCHC) provides an in house, modern, state of art health club & fitness centre with a view to facilitate a holistic development of mind & body for an all round development of our students. Each student is insured under the Medclaim & Road Traffic Accident Policy.

Our Programmes

MBA (IT): Master of Business Administration (Information Technology)

(2 year Full Time Postgraduate Master Degree programme)

Objective: Golden mix of Management & Information Technology subjects aimed at creating techno managers and business analysts.

M. Sc (CA): Master of Science (Computer Applications)

(2 year Full Time Postgraduate Master Degree programme)

Objective: This programme will equip students with knowledge highly relevant to emerging technologies. The programme aims to provide a comprehensive framework for understanding, by integrating theoretical foundations with extensive practical work.

Eligibility: Graduate in any discipline of any statutory University with minimum of 50% marks. (45% marks for SC / ST category candidates)

Intake Capacity: 90 for each programme

Reservation of Seats: As per Symbiosis International University (SIU) norms.

Introduction

Symbiosis Institute of Media and Communication fosters the highest standard of training and inquiry into the multi-faceted needs of the media and communications industry. Our strong academic programmes are driven by rigour, scholarship and a healthy integration of theory and practice that translate abstract ideas into tangible forms.

With faculty, advisors and mentors drawn and supported by the industry and academia, cutting edge facilities and infrastructure, internship opportunities with established agencies and companies- our aim is not only to train students to fit in with the industry requirements of trained professionals but also extend our complete support in realizing their true potential be it as artists, entrepreneurs or leaders of the future.

VISION

Symbiosis Institute of Media and Communication will be the preferred destination for all who aspire to excel in the field of Media and Communication Management

MISSION

- To receive information related to media and communication, assimilate it and then disseminate the same in an effective manner.
- To inform, educate, entertain and empower the participants to meet the challenges of a competitive and evolving globalised media environment.
- To educate and inspire media aspirants in social communication within a world class ambience.

Introduction

Symbiosis Institute of International Business (SIIB) was established in 1992 as an autonomous Institute. Today Symbiosis Institute of International Business is a constituent of Symbiosis International University and is one of the highly acclaimed business schools in the country. It has been recognized as a B- School that combines an excellent academic foundation with a strong leadership perspective. In an increasingly globalised world, SIIB is ahead of the curve. The pioneering work in commencing focused MBA programs in International Business (1992), Agri-business Management (2004), and Energy & Environment (2009) has been lauded by industry. This foresight has proved very valuable for organizations that seek global managers in diverse functional areas. SIIB therefore has a strong track record of excellent placements. This diversity of programs, with the pivotal fulcrum of International business, has helped to create a unique synergy in the curriculum, besides bringing to the campus young, vibrant minds from diverse disciplines, fostering a healthy exchange of ideas. Briefly, therefore, SIIB has a unique advantage to train young professionals, to take on the challenges of global commerce in the domestic as well as the international arena.

Vision

To be the preferred institute for students aspiring to develop a global perspective, in management education and to transform them into socially conscious, reliable, healthy and contemporary managers.

Mission

- To foster global competencies amongst students.
- To provide for holistic and value based development of students which ultimately enhances employability of students.
- To develop social consciousness amongst students.
- To identify and train students in diverse sectors of high potential, keeping in mind the needs of the nation.

Infrastructure & Facilities

Campus: SIIB has an ultra-modern administrative and academic campus of its own. The campus has dedicated spacious classrooms for each program with state-of-the-art audio-visual teaching facilities, conference halls, discussions rooms and auditorium

Hostel: There are separate Hostels for Boys and Girls.

Library: An excellent library having access to more than 9500 books, 160 periodicals and 415 CDs on a wide variety of management subjects is available for students.

Computer Lab: A fully equipped computer laboratory is available to students for teaching as well as practice. Wi-Fi Internet connectivity is available in the academic and residential blocks.

Mess/Canteen: A mess facility and a well-stocked cafeteria are available on campus and all the students are the dining members of the mess.

Health: A swimming pool and a state-of-the-art health club facility with Gym, aerobics and yoga are available for students. A residential Medical Officer stays on the campus.

Programs Offered

i. Masters of Business Administration – International Business [MBA – (IB)]

(Two years, full time, residential, post graduate degree program)

Specializations Offered - Marketing, Finance, HR and Supply Chain Management.

The MBA – IB is an intensive programme specifically designed for a rewarding career in business management, globally.

Students from diverse academic backgrounds like engineering, pharmacy, economics, mathematics, chartered accountancy, IT, and commerce, provide a vibrant tone to this unique and interactive program.

The student is exposed to a wholesome blend of the theory and practices in business, both domestic and international. The first year creates the base for understanding business management through courses designed to take into account the varied backgrounds of the students. Core courses in International Business are spread over the two years to create a strong foundation, which is enhanced by specializations in the functional areas of Marketing, Finance, Supply Chain Management and HR from the third semester.

ii. Masters of Business Administration – Agri Business [MBA – (AB)]

(Two years, full time, residential, post graduate degree program)

Agriculture has long been seen as a sector with tremendous potential in India. In the last few years the sector has seen an unprecedented upsurge with several government and private sector initiatives. This, coupled with changing global norms such as the WTO rulings and increased global competitiveness, means, there is a tremendous need for professional courses in agribusiness management, and this makes it one of the most challenging and exciting sectors to be in, either as a professional or as an entrepreneur. The MBA (AB) program is thus a response to this growing need for professionals who can contribute to and engineer the agribusiness revolution.

iii. Masters of Business Administration – Energy & Environment [MBA – (E&E)]

(Two years, full time, residential, post graduate degree program)

Energy is at the core of all economic activity. Indeed, the pace of development of any country is determined by this crucial sector. To ensure sustainable development, it is imperative to understand the related environment issues such as climate change, loss of bio-diversity, ozone layer depletion etc. These are global issues and have been a key feature in all recent global debates.

As an Institute of International Business, SIIB believes that strengthening and building capacity in this emerging sector is critical and has taken the initiative to create young professionals who can be assets to organizations in this crucial sector - a sector whose importance will only grow, and grow at an amazing pace, in the years to come. This MBA – Energy & Environment program provides a judicious blend of theory and practice and thus prepares the applicant to meet contemporary global requirements.

Career Prospects & Placements

i) MBA – International Business [MBA – IB]

The MBA – IB students have the dual advantage of getting jobs in Domestic and International Business. For the batch of 2009-2011, the domestic average salary was Rs7.05 lakhs/annum and the highest salary was Rs. 15 lakhs/annum. The companies which visited SIIB for campus recruitment included respected names from various sectors like BFSI, IT/ITES, Manufacturing, Telecom, Retail, Research & Consultancy and a good number of Public Sector Undertakings [PSUs].

ii) MBA – Agri Business [MBA – AB]

For the MBA – AB students, placement opportunities exist in reputed Agri business companies, agriculture marketing companies, retail, food processing industry and financial institutions that deal in agri finance & micro finance. The program also encourages students to become entrepreneurs. For the batch of 2009-2011, the domestic average salary was Rs. 5.4 lakhs/annum and the highest salary was Rs. 16 lakhs/annum

iii) MBA – Energy & Environment [MBA – E&E]

The MBA – E&E students have placement opportunities in the most upcoming areas like energy, environment and allied sectors. Companies which are mainly into energy or environment sectors will be interested in the students with MBA perspective in this niche area. For the batch of 2009-2011, the highest salary paid was 9 lakhs/annum and the average was 5.8 lakhs/annum. The major recruiters were IL&FS, Danfoss, CII, Enercon India and Johnson Controls.

Method of Instruction

Theory lectures, practical exercises, business simulation, group projects and presentations, case studies, workshops, guest lectures, summer training, live projects, field visits, organizing events under the guidance of excellent faculty.

Profile of Past Students

i) **MBA – International Business (MBA – IB)**

In view of the implications of globalization, this programme attracts students from diverse academic disciplines. The composition of past students was mainly from engineering, commerce, science and management backgrounds.

ii) **MBA – Agri Business (MBA – AB)**

The major portion of the Agri Business program consists of graduates in Agri Sciences or Agri related discipline. However non-agri graduates having work experience in agribusiness also apply. For instance Agri engineers, engineers with B.Sc. (Agri.), M. Tech., etc.

iii) **MBA – Energy & Environment (MBA – E&E)**

The composition of students in this programme comprises of varied academic backgrounds, however majority of the batch consists of engineers and the rest are from Commerce / Science backgrounds.

Introduction

Since its inception in 1993, SCMHRD has come a long way in nurturing young and dynamic minds to become leaders and entrepreneurs of tomorrow. It gives an opportunity to gain a rich, cultural and diverse experience that drives one to achieve not just academic excellence, but also a holistic growth.

Vision

To become a centre of excellence for global leadership and entrepreneurship – setting the standards by which others are measured.

Mission

To create leaders and entrepreneurs of tomorrow, their dedication to excellence, absolute.

Programmes offered:

- Master of Business Administration (MBA)
(**Functional Areas:** Marketing, Finance, Human Resource Management, Operations Management and Infrastructure Management (MBA - IM))

SCMHRD offers two full-time residential programmes in Master of Business Administration (MBA) and Master of Business Administration in Infrastructure Management (MBA -IM) taught over 4 semesters. The students are given the opportunity to customise the subjects they choose through a Basket of Electives. The basket of electives is a unique concept from which the students can pick and choose those electives that match their career goals and aspirations. Hence here, 'You can learn what you choose to learn and not what the system wants you to learn'

The specialisations are facilitated through various centres of excellence. The first year focuses on the core curriculum to help students explore and gain better insight into the various management disciplines.

Pedagogy

At SCMHRD, we believe that learning does not happen just through classroom sessions. Apart from this, it happens in myriad other ways which include Case Studies, Presentations, Guest Lectures, Lab Exercises, Field and Research Projects.

Campus and Hostel Facilities

The institute is self-contained, with all essential amenities available to students within the campus. The entire campus is Wi-Fi enabled. The library is equipped with over 23000 books, CDs, Journals and magazines. The mess caters to the needs and tastes of the students from diverse backgrounds, serving 3 meals a day. Excellent health care and medical facilities are also available on campus, run by the Symbiosis Centre of Health Care (SCHC).

Apart from these, the institute has the following facilities:

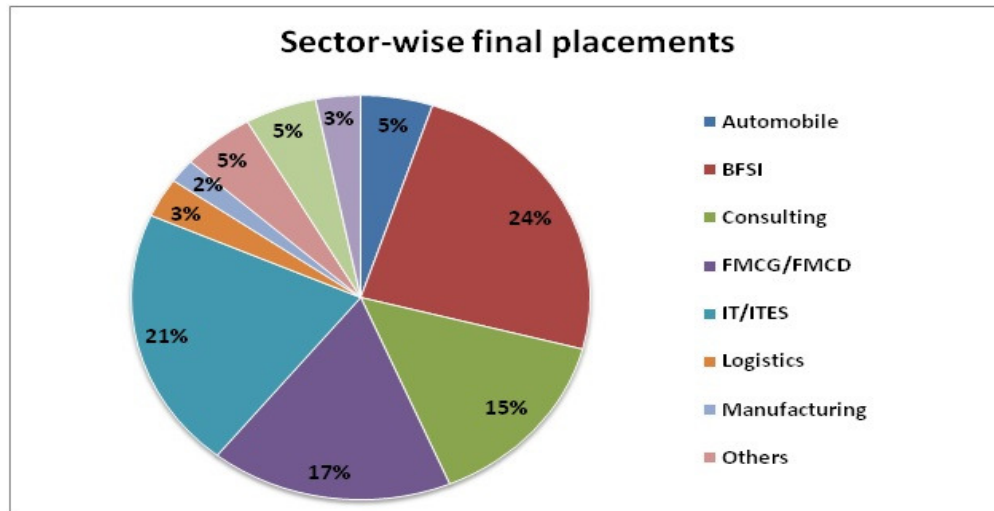

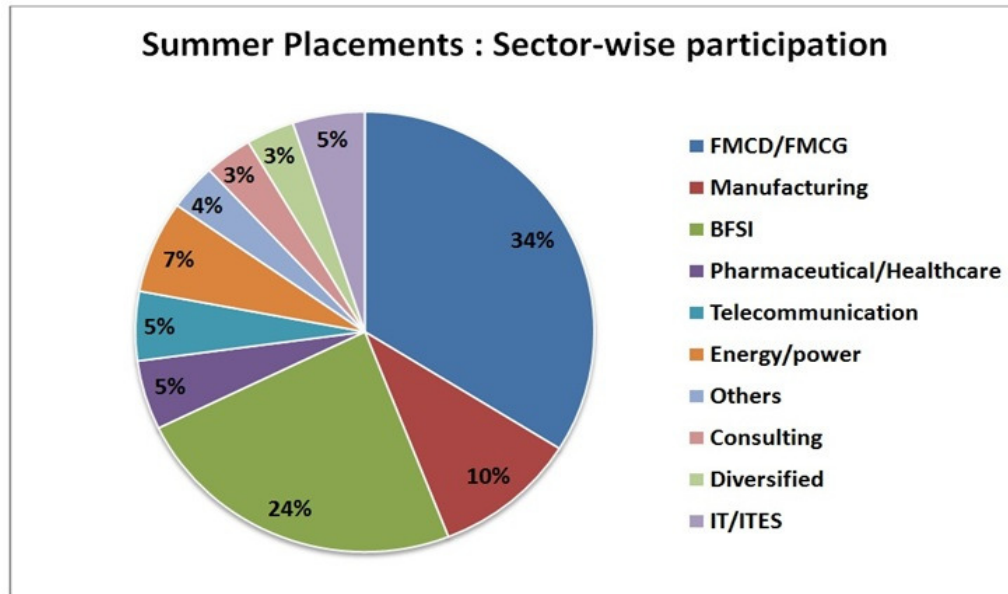

- Gymnasium – Aerobics- Yoga
- Swimming Pool
- Auditorium
- Sports

Placements

SCMHRD has become one of the trusted names in the corporate arena for delivering quality at the workplace. This is evident from SCMHRD's track record of placing its students in the most sought-after companies and profiles every year.

Our recruiters come from a diverse background which includes FMCG, BFSI, Automotive, Manufacturing, Telecom, Consulting, Power/Energy and IT/ITES sectors. The campus saw a lot of recruiters like **GlaxoSmithKline, ITC, Dell, Henkel, RBI, Mahindra and Mahindra, MCX, Intel, Procter and Gamble, Marico, Dabur, Goldman Sachs, UBS Verity, Hindustan Unilever Ltd, JPMC, Deloitte, Arcelor Mittal, Johnson and Johnson and John Deere.**

The Average Salary for 2011 final placements was INR 10.06 Lacs and the highest package offered was INR 16 Lacs. 77 Companies had participated in the placement process. We had received 26 pre-placement offers.

Eligibility Criteria

- A graduate from any statutory university with a minimum of 50% aggregate marks at graduation level. (45% marks for SC/ST candidates)
- Candidates passing degree examination by part time/correspondence course/distance learning programme are not eligible.
- Students in the final year of graduation can apply but their admission will be subject to passing and obtaining a minimum of 50% aggregate mark.
- Diploma holders are not eligible.

Reservation of seats

As per Symbiosis International University (SIU) norms.

Introduction

Realizing the opportunities and needs of the new economy, Symbiosis Institute of Telecom Management (SITM) was established in the year 1996. We are the pioneers in the field of Telecom Management education in the country and Asia. We focus on three basic components Management, Telecom technologies and Information Technology, to develop world class Telecom Business Leaders who can manage technology efficiently. Telecom revolution in India started in the early nineties and today India is the fastest growing telecom market in the world. As this sector continues to expand and mature, it is creating exciting techno commercial career opportunities for graduates and working professionals. Our alumni have been making their mark in the industry in various roles, some of which are Technical and Business Consultants, Network Implementers, Project Leaders, and Business Development Executives.

In addition to the two year full time residential post graduate program, the Institute conducts an Executive MBA program in Telecom Management which is offered to working professionals. The Institute is also actively engaged in formulating Management Development Programs (MPD) for the companies.

SITM is a constituent of Symbiosis International University (SIU) established under Section 3 of the UGC Act 1956, by notification No. F 9-12/2001-U 3 of the Government of India.)

Vision

Symbiosis Institute of Telecom Management will be the preferred destination for all who aspire to become world – class telecom business leaders.

Mission

To develop world class Telecom Business Leaders who can handle the ever-changing Technology and the Business Scenario effectively at all levels of the corporate ladder. More importantly, to instill human values to make better citizens.

Infrastructure

Hostel: It is a residential campus. All rooms are fully furnished and have Internet connectivity.

Central Library: The Campus has a well-stocked library with pleasant interiors. It is fully digitalized with a terminal for accessing library catalogue. It also has OPAC (On line Public Access Catalogue), which enables students to access library data from any computer in the Institute.

Labs: SITM has the latest state-of-the-art IT Infrastructure with a Software Lab and a specialized Network Lab with a 4Mbps wireless broadband leased line, and 24 hour Internet Connectivity.

SITM has a specialized CISCO Lab where students can experiment with network operating systems and perform network related practical assignments. SITM has signed up with CISCO for an academic partnership in the CNAP program. The entire CCNA program is thus incorporated into the Systems & Finance Specialization.

Canteen: The campus has an all day canteen with mess facility, which caters to the various tastes and budgets of the students.

Sports: The Institute is located in the Symbiosis Knowledge Village Campus which is about 22kms from Pune Railway Station. Sports facilities like Football, Volleyball, Cricket, Table Tennis, Badminton, Tennis, Squash, Yoga, Gym and Swimming are available.

Program offered

SITM offers a two year full time Post Graduate Degree in Master of Business Administration (Telecom Management) with dual specialization in Marketing & Finance and Systems & Finance.

Placements

We have been achieving 100% placements since inception. Last year, we have achieved almost 100% placements with the maximum salary being 13.5 lacs and the average salary was Rs 6.5 lacs.

Placements happen across all verticals of the Telecom Industry and IT like Telecom consulting, IT Consultancy, Network Integrator, IT security, Cellular Service Provider, Equipment Vendor, ISP & Billing, ILD etc.

Method of Instruction

This includes Classroom teaching, Guest lectures, Workshops, Industrial visits, Seminars, Research projects and summer projects. Every course is taught with extensive number of case studies and students are expected to make several presentations.

Career prospects and profile of past students

Our alumni are working as Business Development Managers, Consultants, Marketing Heads, Country Managers, Project Leaders, Account Managers and Business Analysts in leading Indian companies and MNCs like Accenture Ernst & Young, HP, Infosys, IBM, KPMG, PWC, Protiviti Global, Sify, TCS, Tata Teleservices, Tech Mahindra Vodafone, Virgin Mobile, Wipro. SITM senior alumni are holding key positions in several companies and continue to deliver value to their employers.

Eligibility

The minimum requirement for admission is a Graduate Degree in any discipline from a recognized University with minimum of 50% marks in the qualifying examination (45% for SC/ST). Final year students are also eligible to apply. Candidates pursuing degree examination by part time / correspondence course or in one sitting are not eligible.

- Systems

Method of Instruction

At SCIT, a variety of instruction methods are used to impart knowledge to the students. Traditional classroom teaching to build the fundamental concepts, practical exercises students can get hands – on experience by applying the lessons learnt. Case studies are extensively used, Along with this, Role Plays are used to simulate a real world situation dramatically and encourages the students to explore the solutions. Pilot projects, Internships and dissertation are some mandatory exercises which every student has to do in order to build up their practical skills and develop an inclination towards research. Besides this, students are also involved in research projects in which they may have to do field work, building case studies and writing research papers as a part of their course curricula. Guest lectures and seminars is strong component of teaching as it gives industry inputs and increases the awareness of the students about the current state of industry .Performance of students is check through regular class test, assignments, surprise test, quiz. Efforts are made to make the teaching more active and interactive. SCIT focuses on innovative teaching methodologies which help in making the classroom sessions more active and interactive.

Profile of Past Students

Over the years SCIT students have been offered profiles such as, Consultants, Business Analysts, Associate consultants – Presales, Associate consultants – Sales, Business Development Managers, Quality Assurance Manager, Business Process Managers, etc.

Placement

By joining SCIT, a student does not become eligible automatically for placement. Students are expected to participate in all sessions, workshops, seminars etc. in the first and second year. Those students who fulfill the eligibility criteria as laid down and declared well in advance, are permitted to participate in the Campus Recruitment Program. Placement is not a right but a facility offered to a student.

Career Prospects etc.

As there is a blend of management and technical courses in the programme being offered to the students, they can go for techno managerial positions in the industry. Major chunk of the programme consist of management courses the students depending on liking can choose electives which can decide their professional career. Career prospects range from business associate consultants, business analyst and presales, software solution architects, team leader in the software industry. Software solution managers, project managers, profile of network planning / administration and management. Students good at networks can be offered jobs in to Network companies like mobile telecom and broadband service. ISS experts can get career prospects as Security professionals' security advisor/ planner. They are also given the profiles of infrastructure security auditors. Later on after gaining some industry experience the students have a good scope to rise to managerial and decision making positions.

Eligibility

Graduate of a statutory university with 50% marks (45% for SC/ST) at graduation level in

- IT/computer science/computer application; or

Introduction

Symbiosis Institute of Geoinformatics (SIG) Geoinformatics is a newly emerging field with wide ranging application in almost all walks of life. The post graduate M.Sc. (Geoinformatics) degree of SIG, launched in the year 2004, is a unique two years full time programme. It aims to train and empower professionals for analytical decision making, and to meet high demand in the challenging fields with application of GIS industries, noted academicians of internationally reputed GIS related institutions and extensive study of websites hosting qualitative requirements for jobs in Geoinformatics industry. It, therefore, holistically encompasses futuristic views of all relevant aspects, not only related to academic study to facilitate research in respective domains, but also to meet the critical industry requirements of qualified human resources in the years to come.

We continue to remain committed to our motto of 'Pursuance of Excellence in the field of Geoinformatics', and would strive to realize the mission of Symbiosis to create a potential reserve of trained human resource in Geoinformatics for the benefit of the GIS Industry and Society at large.

Vision

To create a professional human resource in the field of Geo-spatial Technology; equipped with IT and Information Management skills; to cater to the global Geoinformatics industry requirements.

Mission

- To impart rigorous training in Geoinformatics encompassing GIS, Photogrammetry and Remote Sensing etc.
- Lay special emphasis on industry requirements such as AM/FM, Vehicle tracking, E-Governance, Spatial Decision Support Systems etc.
- Enable students with additional IT and Business Management skills leading to a elevated career profile.
- Provide industry exposure through extensive project work matching global expectations.
- Provide contemporary training abreast with the latest technology tread.

Infrastructure: SIG has infrastructure ideally suited to conduct training, which exposes students to recent developments taking place in the corporate world of Geoinformatics.

A well equipped lab with various GIS, Remote Sensing and Photogrammetry software, which gives a free arena to students to experiment with different technologies and products.

Library: SIG has modern library facilities with sufficient books on technology and management. The students have access to nearly 20,000 books housed in the same building by sister institutes

Canteen: The campus has an all day canteen with mess facility, which caters to the various tastes and budgets of the students.

Health, Medical care and Gym Facility:

The Symbiosis Center of Health Care (SCHC) provides an in house, modern, state-of-the-art health club and fitness centre with a view to facilitate a holistic development of mind and body for an all round development of our students. Each student is insured under the Mediclaim and Road Traffic Accident Policy.

Placements:

SIG has had an enviable track record of 100% project – cum-placements.

By joining SIG, a student does not become eligible automatically for placement. Students are expected to participate in all sessions, workshops, seminars etc. in the first and second year.

SIG offers placement support facility to those students who secure minimum acceptable grade ('C+' grade) in every subject of the first year, that is, first two module end examinations and two months project.

Pedagogy

The method of instruction will be English. Traditional classroom teaching to build the fundamental concepts, practical exercises students can get hands on experience by applying the lesson learnt. , guest lectures, workshops, industrial visits, seminars, and summer projects are part of curricula. Besides this, students are also involved in research projects in which they may have to do field work, building case studies and writing research papers as a part of their curricula.

Hostel: Limited numbers of seats are available on first cum first served basis and are allotted on confirmation of provisional admission.

Programmes Offered: 2 years full time M.Sc. (Geoinformatics)

Career prospects: SIG has designed the course based on in-depth discussions with industries and academicians. Career prospects range from business development, GIS Analyst, GIS Engineer, GIS developer and GIS executive. Later on after gaining some industry experience the students have a good scope to rise to managerial and decision making positions.

Few prominent names in GIS industries functioning in India are CyberTech Systems and Software Ltd., ESRI (NIIT – GIS) India, Erdas India, INCA Informatics Pvt. Ltd., Lepton Software Export and Research(p) Ltd., Lavasa Corporation Limited, Leica Geo Systems, Reliance Energy, Ltd., Reliance Communications' Ltd., Reliance Industries Ltd., RMSI Ltd, Rolta India Ltd., Simplex Technologies Ltd., Speck SpatialTech Ltd., Tata Consultancy Services (TCS), Patni Computer Systems Ltd., Tom Tom International BV, CHF International, Spin Systems, Janaghraha, CEE, WTI, Scanpoint, Synergy and so on.

Eligibility

Graduates or Post graduates in Engineering, IT, Computer Science, Science, Agriculture, Management, Geography and Commerce with minimum 50% marks (45% marks for SC/ST candidates). Final year students awaiting results may also apply.

Candidates pursuing degree examination by part time / correspondence course or in one sitting are not eligible.

Introduction

Symbiosis Institute of Operations Management (SIOM), a constituent Institute of Symbiosis International University is a unique Institute in India which has a highly focused vision of "Empowering Operations Excellence." SIOM's venture into establishment of a B-School dedicated to Operations management arises from the confidence that ENGINEERS if chiseled in an exclusively B School environment will become better Techno Business global leaders. SIOM delivers competencies in managing diverse issues covering entire Business Value Chain through its curriculum, projects inputs and workshops. Its Two year full time residential Programme leading to MBA (Operations management) is widely aspired for by Engineers with and without work experience.

Vision

"Empowering Operations Excellence"

Mission

"To deliver the Managerial Competencies of Broad Based Knowledge, Multi-Disciplinary Skills and Positive Attitude to the diverse Industrial and Business Sector on a sustainable basis".

To achieve this we will

- Develop SIOM into a world class center of excellence in Operations Management.
- Contribute in the dissemination of academic and applied knowledge.
- Provide avenues for intellectual, emotional, physical and social development of the students.
- Impart intense professionalism and citizenship values in thought and practice.
- Enhance the knowledge, skills and competence of practicing managers and provide value oriented support to the business

Infrastructural facilities & learning res Campus & Hostel

SIOM being a residential institute houses the boys and girls in hostels with triple occupancy. The hostel buildings are in close proximity to the Main building facilitating students' waste no time reaching classes and going to library later in the evening. Hygienically prepared vegetarian and non-vegetarian (as per weekly menu) food is served which includes Breakfast, Lunch and Dinner. There is Cafeteria open in the morning and afternoon hours, for tea/coffee and snacks. There is a shop to buy essentials. The daily Laundry service opens in the evening. The campus has been developed with lot of green trees around with lovely flower beds and hedges. There is round the clock security manning the Gate and hostel premises including female guards for girl's hostel. Arrangements are made for 24 hours water and electricity and Wi-Fi services in the hostel. There are recreational facilities like TV and indoor games such as T.T., Caroms, Chess, and Billiards. There is also a Basketball court prepared to the highest standard and an indoor Badminton court is also available.

Academics

The administrative building has 4 floors excluding ground floor housing all the instructional and administrative facilities including classrooms, Syndicate rooms, computer center, library, instructional resource center, seminar hall, Director's office, visitors lounge, staff rooms, Admission office, stores, etc.

Library

An outstanding learning center, catering to the ever growing and uncompromising information and intellectual requirements of learners. The mission is to support the academicians/ students of the Institute by providing information, materials, and a wide range of library services. The library houses around 10087 Books, 91 Periodicals and Journals (National & International) 16 News Papers (including Wall Street Journal), 840 CDs and 211 DVDs, 108 Online Journals, Directories Annual Reports of the Companies, Numerous Case Studies and HBR Bound Volumes (since 1984). The library also subscribes to a host of online databases like ProWess.

EBSCO where one can get the full text articles on from the journals. The library is equipped with specialized user friendly library software-Libsuite, in addition to other ICT equipment such as Bar Code Readers and Scanner.

Computer Lab

SIOM is equipped with state-of-art computing facilities to compliment classroom pedagogy. It has a server room equipped with Two Compaq ML 370 Server and SAP server HP ML 350 Servers running on Windows 2003 and two Computer Labs housing a total of 100 computers and workstations running Windows XP. All classrooms and offices are equipped with 24 hours Internet connectivity with a 5 MBPS (1:1) Leased line. Every classroom and Assembly hall is fitted with LCD projection facilities and LAN. Lectures are typically augmented by multimedia. The institute is also equipped with High Resolution Scanners, Printers and CD Writers. The Hi-Tech lab is especially suited to the requirements for SAP ERP where the students are trained and other specialized software training like SPSS, Minitab, Lindo Lingo, Crystal ball etc.

Programmes offered

MBA (Operations Management) - Two year full time residential programme exclusively for the **Engineering graduates.**

Placements

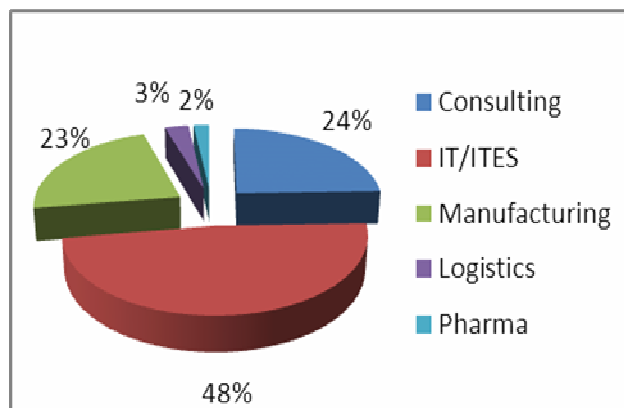

SIOM curriculum has received any accolades for the "Best Industry related curriculum. Hence corporates need for MBA competencies are satisfied here. Last year a total of 34 companies participated in the placement process out of which 8 were first time recruiters at SIOM. The average salary improved by 12% compared to last year, and the quality of placement was very good like the previous years. All the students were placed in companies of their interest, where they could apply their knowledge. With majority of students opting for Manufacturing, IT/ITES, Consulting, etc. the placement was in line with the competencies (Operations/ SCM/ Quality and Six Sigma/ SAP) that the institute builds.

Method of Instruction:

Profile of past students: During the last 5 years of SIOM's existence, our Alumni have played an important role in building the credibility and the growth of the institution. As ambassadors to the corporate world, they continue to bring laurels to the Institute through your performance in chosen fields.

Introduction:

The Symbiosis Institute of Health Sciences (SIHS) is a proud member of the prestigious Symbiosis International University SIU. A pioneer in the field of Health education, SIHS has conceptualized & implemented a unique, innovative, career oriented professional up-gradation programme to equip future healthcare professionals with appropriate tools and knowledge to meet the goals of this competitive and growing healthcare industry. The SIHS plans to raise a cadre of professionals who would ensure delivery of optimum healthcare services.

Mission:

To foster relevant & pertinent knowledge on all domains of healthcare through an interdisciplinary approach.

Vision:

To become an internationally renowned institute which would offer contemporary, need based academic programmes suited to the needs of ever-changing & ever expanding horizon of the healthcare sector. An excellent faculty as also extensive opportunities for hands on practical training with the industry gives this programme an incomparable academic edge over others and also provides for better career prospects within the healthcare industry. This is achieved by way of developing extensive **"academic partnerships"** with the major stakeholders of the healthcare industry. The holistic approach of good thought & professionalism adds value to our Institution.

Infrastructure / facilities – Hostel, Library, Lab, Canteen, SCHC, Recreation and wellness Centre etc.

Library:

SIHS has a splendid learning resource center with over 3,728 books, reports, journals, periodicals, CDs and video cassettes.

Computer Lab.:

The Computer lab, with free Internet facility for all the students.

Wi-Fi campus:

The Wi-Fi campus enables the students to get on-line anywhere on campus without the hassle of wires and plug-ins. The campus, truly, is the high tech face of the new-age SIHS.

Classrooms:

All lecture classrooms are well ventilated and equipped with the latest audiovisual facilities.

Auditorium:

The in-house facilities include a 600-seater modern auditorium and a modern conference hall located at Symbiosis Vishwabhavan.

Mess and Cafeteria:

An all day Mess and cafeteria ensures refreshments for busy minds.

Accommodation:

For outstation students (Ladies& Gents) accommodation can be arranged at Symbiosis Hostel on first come first serve basis.

Career Counseling and Placement Cell:

SIHS Placement Cell will assist students to obtain employment in respective industries in the healthcare domains.

Programmes offered

Master of Business Administration – Hospital & Healthcare Management (**MBA-HHM**)

Duration: 2 Years Full Time

About the Programme:

The two years full time MBA programme in Hospitals & Health Care Management is aimed at developing in-depth knowledge, skills and abilities in a group of potential hospital and healthcare delivery management professionals who will be able to obtain managerial positions in public, private, NGO and charitable organizations and partnerships involved in delivery of healthcare in India and abroad.

Method of Instruction:

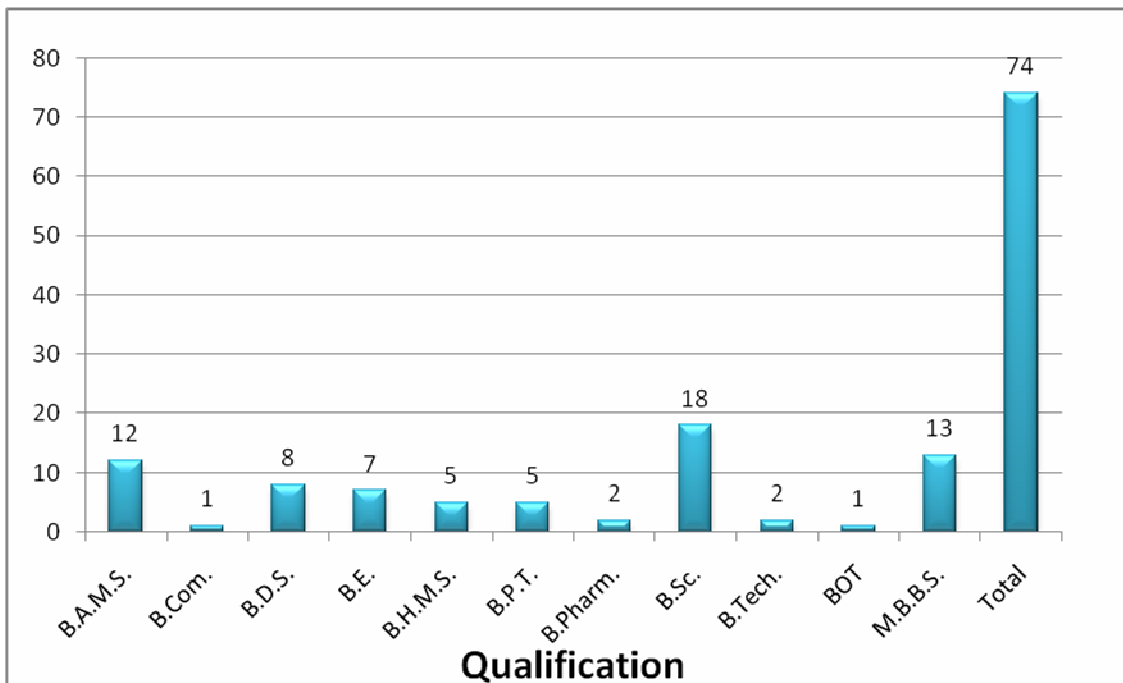

The programme aims at adopting a synergistic blend of academic knowledge and practical intricacies of the field to train professionals to undertake a wider range of administrative and managerial responsibilities within the healthcare organizations with real time inputs from partnerships in the healthcare delivery system in India & abroad.

All the different teaching styles that are used and all the different ways that material is presented, give the students ample opportunities to assess how they learn best and for us to teach material in a way that is appropriate. A Wi-Fi enabled campus further facilitates this mode of learning. In addition, the SIHS aims at all round personality development by way of students’ participation in creative pursuits such as presentations, book reviews, participation in student-industry interfaces, analysis of current affairs etc.

Placement: A student driven activity:

The SIHS Placement Cell will assist students to obtain employment in respective industries which include multispecialty Hospitals (both in the private & public sector) NGOs, IT and Pharmaceutical, Health Insurance, Consultancy. Medical Equipments.

Profile of past Students

Career prospects

With the rapidly growing healthcare sector the need for managing hospitals & healthcare establishments professionally has become even more acute. With increasing emphasis on quality of health care, cost effective utilization of resources and patient satisfaction there is a tremendous need for persons with professional qualifications in Hospital & Healthcare Management. Thus there are challenging job opportunities in medical institutes, multispecialty hospitals, nursing homes, medical tourism and NGOs operating in the health care sector as also in the Insurance, IT, medical equipment manufacturing, clinical research organisations, Pharmaceutical sector and other emerging stake holder’s organisations.

Eligibility Criteria

Graduate from any statutory university with a minimum of 50% (45% for SC/ ST) marks (or equivalent grades where grades are used).

Candidates passing qualifying examinations from open universities, open schools and from distance learning programmes of statutory or deemed universities or in one sitting are not eligible. Students appearing for their final year can apply but their admission will be provisional and subject to obtaining the minimum required marks and fulfilling other eligibility criteria. If such a provisionally admitted student fails in the final year of his/her Degree Examination and even if he/ she has applied for re-evaluation at the university/ college, he/ she will not be allowed to continue the programme as the offer of provisional admission stands automatically cancelled on his/ her failure in the final year examination.

Introduction

Symbiosis Institute of Media & Communication, SIMC, Bengaluru, has carved a niche for itself in the area of Communication Management. A magnificent edifice, just one detour from the Hosur Road Highway, SIMC, is located at the heart of the IT & software hub – the Electronics City, which is approximately a half-hour drive from the City Centre. This central location has close proximity with Software Icons such as Infosys, Wipro, HCL, HP and a host of others.

Bengaluru is a true cosmopolitan city – a melting pot of various cultures and a burgeoning metropolis with a mix of Public Sector Giants including ISRO, HAL, BHEL, NAL; Corporate behemoths such as Infosys and Wipro besides Defence Establishments - MEG,ADE,LRDE. The cream of Educational and Healthcare Institutions such as NLSIU, IIM-B, IISC, NIMHANS with a variety of other factors have put Bengaluru on the world map.

The state-of-the-art, expansive, inviting ambience of SIMC - B has all the facilities that a top-notch Media and Communication Professional Institute needs. SIMC - B aims to serve the multi-faceted needs of the media and communication industry in particular, and the society in general, through education, training, research and advocacy. It seeks to develop competent, responsible and innovative professionals in the practice, development and management of media and communication through its MBA program in Advertising and Public Relations.

At SIMC learning is a participative and interactive activity. The Curriculum is contemporary, fluid, dynamic and is totally industry driven. The academic program is holistic involving group discussions, case studies, seminars and workshops. Equal emphasis is laid upon curricular, co-curricular, and extra-curricular activities.

Vision

Symbiosis Institute of Media and Communication will be the preferred destination for all who aspire to excel in the field of Media and Communication Management.

Mission

To receive information related to Media and Communication, assimilate it and then disseminate the same in an effective manner

To inform, educate, entertain and empower the participants to meet the challenges of competitive and evolving globalised media environment.

To educate and inspire media aspirants in social communication within a world class ambience.

To develop a unique Institute where the programmes provide training in new global media technology.

To connect, communicate and converge in building symbiotic links with the academia, industry and community, in the context of media and communication.

Infrastructure

Hostel facilities

SIMC - B has an on campus hostel facility for girls .An additional comparable facility in the vicinity for boys is provided.

Library

The main objective is to create a Knowledge Resource Centre with an exhaustive collection of books and case studies in the domain in order to meet the dynamic needs of the academic community. Our Library provides a range of books, periodicals, e-resources and other media at appropriate levels for the need of the students.

Lab

SIMC has a world class, state-of-the-art Computer Lab which includes powerful servers, dedicated internet and email access, desktops PCs and laser / DeskJet / dot-matrix printers etc. For the Internet, there is 24x7 connectivity through two leased lines with 512 KBPS each. The labs are equipped with firewall and content filtering tools with the latest Antivirus Gateway level Scanning.

Canteen

Our canteen is not only a place for gourmet delights but also a venue for a mélange of ideas and views to converge and give rise to innovative ventures. The mess offers vegetarian delicacies and caters to diverse palates. Nutritious, sumptuous food is prepared that is not only delicious but also adheres to strict standards of hygiene.

Health and Medical Care and Gym

The Symbiosis Center of Health Care (SCHC) provides an in house, modern, state of art Health Club & Fitness Centre with a view to facilitating a holistic development of the mind, body and soul of our students. Each student is insured under the Mediclaim & Road Traffic Accident Policy.

Events @ SIMC – B

Important events that were showcased by us included the All India Quiz Contest – Inquisition and Syngenesi – Advertising & Public Relations pitch competitions.

Prominent guest speakers included Justice Santosh Hegde, Lokayukta, Mr. Ramesh Ramnathan of Janaagraha, Mr. Eric Chinje, Head of Global Media Development, World Bank. Mr. Gautam Rajadhyaksha, photography workshop by Ashish Parmar and A B Apana etc.

Placements:

With the very first batch of our students being placed, the bar has been set very high. Leading players in the profession from the AD & PR world, besides leading corporate coming into the Institute and recruiting our students.

Method of Instruction

SIMC – B's approach to teaching includes a combination of lectures, class discussion, group work and self-study. The faculty both on permanent and visiting present key subjects in lectures and conduct class discussions based on case studies.

Profile of Past Students

Introduction

Symbiosis School of Banking Management was established in June 2010. Banking in India has come a long way traversing three distinct phases: the era of nationalization and priority sector lending, the era of financial sector reforms in the nineties and now the era where technology enabled, customer focused financial conglomerates operate in multiple segments of the financial sector.

The demographic profile of the country, the steady growth in savings, consumption and investments will only add to the existing challenges and require banks to innovate and bring a wider range of financial services to the door step of the next generation consumer.

Banks would be requiring a new genre of management professionals to meet the emerging challenges. This programme has been designed as a contemporary, rigorous, innovative and practical source of management education specifically applicable to the Banking and Financial Services sector. It would cater to the growing needs of the BFS industry providing a pool of talented young executives who would be thoroughly trained and ready to shoulder responsibilities in the banking and financial sector.

Our Vision

To be recognized as the cradle of innovative and ethical banking practices.

Our Mission

- To create an environment conducive to continuous research leading to creation of knowledge in the Banking and Finance sector
- To offer programmes that will disseminate relevant knowledge and provide skills to function effectively in a challenging environment.

Infrastructure / facilities.

Campus & Facilities

SSBM is located at Symbiosis Knowledge Village near Pune. A sprawling, state-of-art campus atop a green, misty hill, SSBM has an environment that is conducive to learning and self-development. To enrich the campus experience, Symbiosis offers the finest infrastructure for its students. Ours is a fully Wi-Fi campus.

Class Rooms: The institute has well equipped, spacious classrooms that facilitates audio-visual aids and interactive classroom sessions.

Computer Laboratory: A well equipped Computer lab with LCD projector and internet connection is available for the students to facilitate the teaching learning process.

Learning Resources: A well stocked library will contain t books, journals, magazines and on-line resources.

Outdoor Sports Facilities

The University Sports Board plays a key role in facilitating a number of indoor and outdoor games at the Lavale campus. Campus sports-events is a primary catalyst that brings students of various institutes together building an atmosphere of camaraderie and well-being.

Health Care Centre: Every campus of Symbiosis International University has a health care centre with one medical doctor and medical staff. This provides primary medical aid and advice.

Placement Cell

Since the programme is designed to directly address the major manpower requirement in the emerging in the banking system, all public sector and private sector banks of the country would find the students ready for banking profiles. A placement cell will facilitate the placement procedure and the student is urged to note that Symbiosis does not guarantee placements.

Programmes offered

The MBA programme in Banking Management is a two-year, residential programme.

Apart from the basic courses in the functional areas of management, the intensive curriculum, spread over the two years, covers courses specific to banking and Financial Services industry such as general banking operations, credit management, legal aspects of banking, international banking, risk management, treasury management to name a few.

The emphasis is on blended learning methodology that combines classroom interaction, self study modules enriched by research and experiential learning.

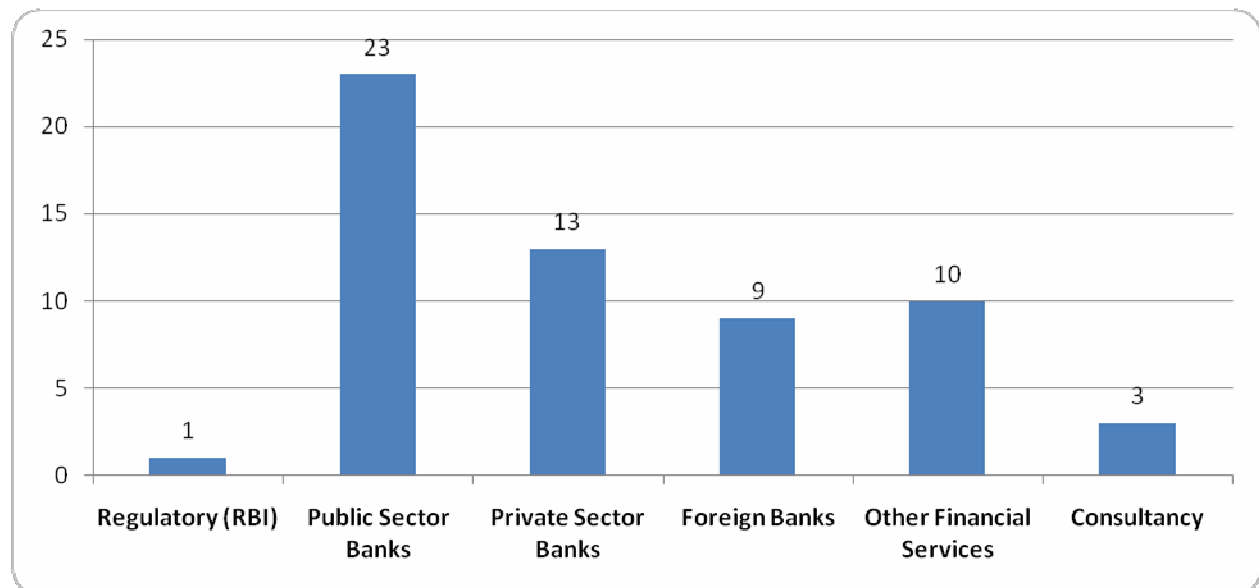

On completion of the first year, an internship of about 8 to 10 weeks duration in an organization forms an integral part of the programme. In addition, one project of social relevance and the specialized project in banking and finance are mandatory.

This programme has been designed as a contemporary, rigorous and practical source of management education specific to the BFS industry. It would cater to the growing needs of this industry by providing a pool of talented young executives who would be thoroughly trained and ready to shoulder managerial responsibility in the banking and financial sector.

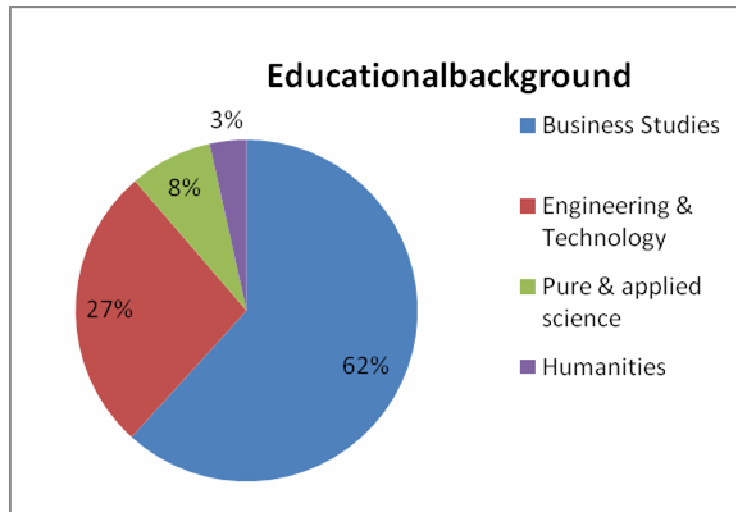

Career Prospects

The growing trends in the Banking sector will mean a large requirement of trained personnel in banks in both existing and new domains who would be able to support this increase in scale and complexity. In addition to the need to recruit and train the additional staff, the public sector banks will have to face the challenge of retirement of a large part of their workforce. The banks would be requiring management professionals to meet the emerging challenges. The gap for such manpower continues to be the concern for banking industry as the demand is huge.

Summer Internship – 32 Recruiters

Profile of students

We contend that the diversity in student profile provides a healthy learning atmosphere and equips them better to be able to function in a heterogeneous and complex society.

Eligibility for Admission (Indian students)

Graduate with minimum 50% marks for general (open) category and 45% marks for students of SC and ST category.

Note:

- i. Students awaiting results of the final year examination can apply but their admission will be provisional and subject to fulfillment of the minimum percentage criterion. Diploma holders are not eligible.
- ii. It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International University.

Eligibility for Admission

(International Students)

Symbiosis International University admits international students through Symbiosis Centre for International Education. All international students aspiring for admission to the institutes of Symbiosis International University are required to contact this office.

Symbiosis Centre for International Education

Introduction

The Symbiosis School of Economics (SSE) was established in the year 2008 with the introduction of the undergraduate programme – B. Sc (Economics). While our first batch graduated in June 2011, we have introduced **M. Sc (Economics)**, offering specializations in International Trade and Development Studies. SSE has also introduced three new certificate courses in the fields of Quantitative economics, Capital markets and Corporate Social responsibility.

Economics at SSE is regarded and taught as a part of liberal education and provides an especially relevant background for several professions. With its interdisciplinary flavor it will provide students with career opportunities in various industries, financial institutions, media and communication, government, research and academia. At SSE we aim at creating a class of graduates in Economics who would be equipped not only with the strong foundation of economic theory but also with skills required to tackle and analyze the real world business and economic issues with a strong research focus.

Vision

To provide 'the' environment for an incredible educational experience and to evolve into a major research & consultancy centre - creating a difference in a civilized society.

Mission

Symbiosis School of Economics will be known for rigorous applied economic analysis relating to real world issues of social relevance.

Infrastructure

The Class-rooms: All class-rooms are equipped with LCD projectors and and Wi-Fi connections. Some of the classrooms are also air-conditioned.

Library: The library at SSE is continuously being upgraded with books, journals, magazines, periodicals and newspapers. Students and staff are encouraged to give their recommendations of books (both academic and others) which are procured on an urgent basis.

Computer Lab: The computer lab is Wi-Fi enabled with relevant Economics and Statistical software packages installed.

Canteen: The canteen has a wide variety of snacks and meals to choose from and is easily accessible.

Hostel: Limited accommodation is available at the boys and girls hostel on the campus. However, the administration office at SSE assists students with information regarding the accommodation available in the vicinity.

Health Care Center: All the students and staff have to undergo an annual health check-up which is free and compulsory.

Other Facilities:

- The campus at Symbiosis School of Economics is Wi-Fi enabled.
- A state-of the art auditorium with a seating capacity of more than 500 students
- An air-conditioned Seminar/Conference Hall.
- A well-equipped gymnasium on the campus.

Programmes offered

- **M. Sc.(Economics),**
- **B. Sc.(Economics) and**
- **Certificate Courses**
- *Since 2010 the faculty at SSE has also been instrumental in preparing and conducting a sharply designed Ph. D course work for the Faculty of Humanities and Social Sciences at the Symbiosis International University (SIU).*

M. Sc. Economics

The **M. Sc in Economics** offered at SSE develops a strong background in Economic Theory, Mathematics, Statistics and Econometrics and provides the basis for acquiring special focus within the related fields and subfields of Economics. This programme, as is evident, is very quantitative in nature and approach. It provides an all-inclusive path to meticulously understand and apply economic theories and their applications to modeling and forecasting in the real world. The approach is descriptive and analytical and many issues of national and international policy are considered. While providing a strong foundation in Economic theory and practice, the course also provides deep insights into Mathematics, Statistics, Finance, Law, Environment and Politics. It includes internships, community projects, exposure to various statistical and software packages and interactive learning methods designed for the students to be fully immersed in the subject matter while preparing them with valuable research and industry relevant skill sets.

The programme is intended for those students who desire a rigorous higher education and training in the field of Economics with the aim to pursue career paths that include analytical, empirical, financial, advisory, managerial and research oriented work at positive and normative levels.

B. Sc. Economics

B.Sc. (Economics) is a full time, three year graduation programme that also offers a wide array of modules not emphasized in traditional economics graduation programs. Accounts, Environmental Economics, International Relations, Political Economy of India, Research Methodology, Law and Economics etc., are some such subjects. This will help students develop interdisciplinary skills in terms of critical thinking, logical analysis and deep understanding of crucial economic issues.

Certificate Courses: SSE also offers three certificate courses.

Certificate Course in Quantitative Economics

The certificate course in Quantitative Economics seeks to add value through the enhancement of the quantitative knowledge base that is required to learn the modern economic perspectives. The modules of this certificate course are divided into three parts viz. Mathematics and Statistics for Economics, Mathematical Economics and Econometrics. The main aim of this course is to provide students with a thorough understanding of core techniques of quantitative economics and econometrics and their application to test economic theories and measure magnitudes relevant for economic policy and other decisions, as a foundation for subsequent study of quantitative topics within the degree programme, and as one of the key elements in the professional training of an economist.

Certificate Course in Corporate Social Responsibility

The purpose of the Certificate in Corporate Social Responsibility program is to offer students an experience-based, integrative exposure to this emerging and dynamic field of business practice. It provides a comprehensive overview of the CSR debate, and gives the student a basic understanding of how to integrate CSR into corporate strategies, decision-making and management. Career opportunities in CSR reflect the diversity of the field and incorporate the private, public, and non-profit sectors.

NSE Certified Capital Market Professional (NCCMP)

The National Stock Exchange of India (NSE) has collaborated with the Symbiosis International University (SIU) to start a new course: the NSE Certified Capital Market Professional (NCCMP) Programme. This will be conducted at the Symbiosis School of Economics (SSE). The course will have cover different aspects of Equity Markets, Debt Markets, Derivatives, Macro Economics, Technical Analysis, Fundamental Analysis etc. This will equip the applicant to understand capital and financial markets in a way that will prepare them for future career paths such as bankers, stockbrokers, hedgers, risk-analysts, treasury managers, wealth managers, sectoral analysts, researchers, financial consultants, CAs, technical and fundamental analysts, etc. Students who successfully complete this course shall be awarded a joint certificate by SIU and NSE in Capital Markets, as well.

Proposed Course/s to Commence in July 2012

Diploma in Public Policy and Governance (One Year Course)

The Post Graduate Diploma in Public Policy and Governance is a new initiative of the Symbiosis School of Economics. The aim of the Programme is to promote comprehension of the rationale behind public policy making and governance, emerge at the cutting edge of policy research in India and create a new class of budding academicians & professionals, whose strong foundation is laid through the multi-disciplinary framework.

SSE plans to offer this unique PG Diploma in Public Policy and Governance to graduates and post graduates in any field, corporates, NGO personnel, Government employees, etc., to help equip them to manage projects and programmes better, as well as, advice on policy-decisions in various national and international settings.

Placement

On successful completion of the M.Sc programme, the students can avail of assistance provided by the active Placement Cell at SSE. The Placement Cell functioning in close coordination with its faculty advisor works throughout the year towards generating placement opportunities for the students. It also facilitates Internship endeavors of the students. The activities of the cell are as follows:

1. Contacting various corporate houses and NGOs regularly to invite them to campus for pre-placement talks and recruitment.
2. Assisting the corporate who visit the campus for recruitment to conduct various tests and GDs.
3. Organizing industrial visits to students and faculty to various industries as recommended by the departments.
4. Helping the final year students to get sponsoring industries to do their project work as recommended by the departments.
5. To organize pre-placement soft skills training to bring about an overall development, improve self-esteem and confidence level, develop better presentation skills, learn to communicate well and participation in GDs, Mock personal interviews, etc.

Pedagogy (method of instruction)

At SSE we have adopted a multi-*pedagogical* approach .It integrates:

- lectures
- case studies
- library assignments
- project work
- industrial visits
- research projects
- presentations
- conferences and talks given by guest lecturers
- innovative instruction methodologies (WIKI India Programme), etc.

Student Profile

Students at SSE come from all over the country and abroad – they come from over 89 cities, 19 states and 7 countries. This gives them a remarkable exposure to different cultures, regions, traditions and languages.

Eligibility (M.Sc. in Economics)

- Any graduate with exposure to Economics/Mathematics/Statistics/Physics are welcome. B.Tech and B.E. graduates may also apply. Graduates from any statutory university with a minimum of 50% marks (45% for SC/ST) at graduation level.
- Students appearing for final year examinations can apply but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

Intake Procedure

- Students will be selected on the basis of academic merit, written essay, group discussion and personal interview.

Sanctioned Intake: 40 students

Reservation of seats (Undergraduate/Post Graduate Programs)

As per Symbiosis International University (SIU) norms.

Important Dates (M.SC)

Introduction

Symbiosis Institute of Technology, being the flagship institute of the prestigious Symbiosis International University has set high standards for itself. The institute endeavors to provide quality education in line with the requirements of today's competitive industry and rapid developments in technology. The institute provides an environment conducive for harnessing the potentials of faculty and students through systematic and effective learning, both within, and outside the classrooms. The roadmap developed for the institute envisions it to acquire the status of a prestigious Institute of Technology at National level.

Among the initiatives taken to make SIT one of the most sought after institutes of technical education in the country are; recruitment of highly qualified and experienced faculty, their continual professional growth through conferences and publications of research papers; regular revision of curriculum in line with fast changing need of industry; employing innovative methods of teaching, providing ample opportunities for learning outside the classroom through projects, techfests and cultural programs.

Vision

To be a destination of choice for quality education focused on creating competent professionals with sound domain knowledge and skills, managerial acumen, human values and interpersonal skills.

Mission

To provide high quality technical education, strongly integrated with human values of equality, compassion, sharing and corporate social responsibility so as to realize the dream of "Vasudhaiva Kutumbakam" (World is one family).

Details of Infrastructure

Symbiosis Institute of Technology has a magnificent and well developed infrastructure which includes well equipped labs for B.Tech and M.Tech programs, with latest version of computers, software for modeling, design and analysis like AutoCAD, PROE and CATIA, CNC turning centre, EDM machine, MATLAB software and LabVIEW software which can be used for research by the students.

In addition to this, SIT has an enriched library with 7620 books, 75 international and national periodicals and 21 magazines. Access to e-journals, net based services, reference based services etc. all form a part of the library services. The library has also links to the online data bases like EBSCO, SCOPUS and IEEE.

There are separate hostels for boys and girls with all necessary amenities like hot water and Wi-Fi facility, besides arrangement for games like table tennis, push ball, carom, basket ball, foot ball etc. The hostels also house a coffee shoppe and a snacks centre. The mess at SIT has a capacity of above 300 students and provides hygienic food. Students have access to the SIT canteen which provides South Indian, Chinese and Punjabi preparations especially for the students.

Health Club Activities

Annual medical examinations are done for the students of the institute. The institute provides cashless medical insurance for all the students. An in-house medical centre caters to emergency medical needs of the students.

Programs Offered

Symbiosis Institute of Technology offers four year full time B-Tech programs in Civil, Computer Science, Electronics and Telecommunication, Information Technology and Mechanical Engineering. Admission to B.Tech programmes is carried out by Symbiosis Entrance Test, AIEEE, IIT-JEE and MHT-CET examination. The details are given in the brochure of the undergraduate program.

The institute also offers the following M. Tech program in the following discipline:

S.No.	Program	Department	Intake
1.	M. Tech in Computer Aided Design and Manufacture	Mechanical Engineering	18

The institute plans to start M.Tech program in specialized areas of Electronics and Telecommunication Engineering, and Civil Engineering with effect from July 2012 after seeking approval of AICTE.

Placement

The institute has a very well organized placement cell under the leadership of Mr. Dilipraj Dongre, Head Corporate relations. The infrastructure in placement cell includes; a seminar hall for conducting pre-placement talks, discussion rooms, interview rooms and other necessary amenities and support. The cell has already established contacts with a large number of renowned companies who have desired to visit the institute for campus recruitments. All the students of the final year have been prepared for campus interviews through special programs on technical and soft skills, which would help them get prestigious jobs.

Method of Instruction

M.Tech CAD/CAM programme has been designed to transform the students into competent professionals who can take lead in product design and analysis using regular CAD/CAM software like PROE, CATIA and some special simulation software and hardware. The students would be given hands on experience by working on real life projects both in industry and in the Institute. The pedagogy of normal classes involves learning by doing in the labs with simultaneous study of theory. The curriculum includes subjects related to analytical skills, simulation skills and cross functional involvement like Mechatronics. A large number of seminars and presentations will make the students confident and proficient in soft skills too.

Integrated M.Tech-Ph.D Programme

Integrated PhD programme in Mechanical Engineering is proposed to be started simultaneously. In addition to separate intake of this programme, a maximum of five students of the M.Tech programme can be admitted to the second year of integrated PhD programme based on their performance in the first year of M.Tech programme.

Eligibility

Atleast 55% marks in B.Tech./B.E. or equivalent in Mechanical Production/Industrial/Automobile/Aeronautical Engineering.

Reservation of seats

As per Symbiosis International University (SIU) norms.

Introduction

Symbiosis School of Biomedical Sciences (SSBS) is a new initiative of Symbiosis International University under the Faculty of Health Sciences. Under the broad umbrella of SSBS we have Symbiosis Biomedical Research Cluster (SBRC) and Academic programs in different disciplines of Biomedical Sciences. The primary goal of the school to provide top quality education and undertake evidence-based translational research involving science and technology applications for affordable healthcare solutions. Emerging challenges of complex multigenic, multi etiologic degenerative and life style diseases requires systems biology approaches that integrate information from molecules to clinical outcomes going beyond the traditional molecular, cellular boundaries. Broad research areas include cellular and molecular biology, genomics, proteomics, systems and synthetic biology, pharmacogenomics, immunology, pharmacology, endocrinology, biochemistry, microbiology, pharmaceutical biology, medicinal chemistry, drug discovery and development, stem cells, traditional systems of medicines and public health.

Mission

1. To offer an intellectually stimulating environment for hands-on teaching through research
2. To attract the finest scientists, educators and students for extending the scientific frontier of biomedical sciences.
3. To become an acknowledged global leader in biomedical sciences.

Vision

To train the next generation of world-class biomedical science leaders, create an ecosystem for innovation and develop key enabling technologies of social relevance.

Infrastructure / facilities – Hostel, Library, Lab, Canteen, Club etc.

SSBS is sprawled in about 8000 sq feet area and has state of the are laboratories for Genomics and Molecular Biology, Bioanalytical laboratory, Microbial Technology, Animal tissue culture and Pharmacology

Hostel, Library, Experimental lab, Computational lab, Canteen, Stadium, Indoor sports
ATM, Health Centre

Programmes offered along with following information,

- a. Placement.
This is the first batch of students
- b. Method of Instruction.
Teaching, Experimental lab, Field work, Seminars, Group Discussion, Journal clubs
- c. Profile of Past Students.
This is the first batch of students.
- d. Career prospects etc.
Pharma companies (drug discovery and clinical research), biotechnology industry, Hospitals, Academia and hospitality industry.

Eligibility

B. Sc, B. Pharm, M.B.B.S, B.H.M.S, B.A.M.S, B. Tech (Biotechnology), B. H. Sc.

Intake

In take capacity for each discipline is 20.

Reservation of seats.
